SUMMARY

Recent BBA (Finance) graduate (2026, 8.93 CGPA) with hands-on experience in transaction processing, operational compliance, and client service, gained through a mutual fund operations internship handling 100+ transactions with zero documentation errors. Skilled in financial modelling, Advanced Excel, and data-driven reporting, with a strong record of accuracy, regulatory compliance (SEBI/KYC), and process improvement. Seeking to bring this analytical and operational discipline to a banking, financial services, or operations role.

EDUCATION

Qualification	Institute	Year	Grade
Bachelor of Business Administration (Finance)	Arka Jain University	2026	8.93 CGPA
Intermediate in Commerce (12th)	CBSE (Jawahar Navodaya Vidyalaya)	2023	79.80%

EXPERIENCE

Finance Intern – Mutual Fund Operations & Compliance

JUN 2025 – JUL 2025

Sawa Financial Distribution Pvt. Ltd.

Jamshedpur (On-Site)

- Processed 100+ mutual fund transactions on the BSE STAR MF platform with zero documentation errors, ensuring accurate and timely processing.
- Managed end-to-end KYC initiation and post-transaction support, ensuring compliance with SEBI documentation norms and internal regulatory standards.
- Resolved client queries and counselled 150+ clients on mutual fund options and NFOs, improving service outcomes through tailored guidance.
- Maintained accurate transaction records and data logs, streamlining reconciliation through structured Excel-based tracking.

Research Intern

SEP 2025 – OCT 2025

ProCapitas (Nishtya Infotech Pvt. Ltd.)

Remote

- Analyzed financial statements and key performance metrics of 3+ companies as part of structured case studies, applying ratio analysis and forecasting techniques.
- Built DCF and post-merger impact models from scratch, covering revenue projections, WACC estimation, and profit forecasting.
- Conducted sector and market research across industries as part of simulated deal-screening exercises, translating findings into structured analyst-style reports.

JOB SIMULATIONS

Wells Fargo — Commercial Banking Job Simulation

Forage, Aug 2026

- Analyzed client financials and industry data to develop a growth-focused product proposal for Wells Fargo's Commercial Banking team, presented as a structured client-ready recommendation.

Goldman Sachs — Operations Job Simulation

Forage, Aug 2026

- Identified and resolved trade settlement and asset transfer issues for HNW clients, applying operational risk management and regulatory compliance best practices across Trading, Compliance, and IT.
